6 VOLT 10 AH Battery	7.00	323.48		15%	2,264.36
<p>The 6V battery gives you between 1 and 6 months of charge before needing to be charged again. The additional battery will be a spare (charged and ready to deploy) so that when one of your cameras goes flat, you just switch it out with the charged one and then place the flat battery on charge again so its ready to be deployed again.</p>
